Laminating is the ideal solution for protecting your poster or print from damage due to fading, dirt, dust, fingerprints and moisture. In the process, your poster or print is sealed with a clear protective laminate film.

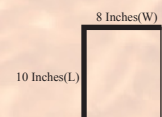

### Protects from Damage due to:

- Fading
- Dirt
- Dust
- Fingerprints
- Moisture

### How to compute United Inches

$$UI = L + W$$

\*United Inches is calculated by adding image length plus the image width. For example, an image that is 8"x10" would be 18 United Inches.  
United Inches = Length + Width
